

ASX ANNOUNCEMENT

MARKET UPDATE

Sydney – 10 February 2017 – Tag Pacific Limited (ASX: TAG) today released a financial update in advance of its half year result announcement later this month.

While the results are still in the process of being finalised, including an audit review, the group's investment in MPower is expected to deliver a broadly breakeven EBITDA result in line with the prior comparative period.

It should be noted that the revenue and margin composition of the expected result for the half year is somewhat different from the prior comparative period, with higher margins being attained on lower revenues. Revenue for the first half is expected to be approximately \$22 million (31 December 2015: \$28 million).

The first half group consolidated loss after tax attributable to shareholders is expected to be in the range of \$1.2 million to \$1.5 million (31 December 2015: \$1.3 million). Usual balance date processes have not yet been completed.

Full details will be released with the half year results at the end of February 2017.
